

2. Announcement

19th CARPATHIAN BASIN CONFERENCE FOR ENVIRONMENTAL SCIENCES

3-5 April 2024

Debrecen, Hungary

ORGANIZER:

HUN-REN Institute for Nuclear Research (HUN-REN ATOMKI, Debrecen) and
Sapientia Hungarian University of Transylvania, Faculty of Science and Arts
Environmental Science Department

THE AIMS OF THE CONFERENCE are to present the latest results of environmental research in the Carpathian Basin and to discuss theoretical and practical problems. The conference also provides opportunity for initiating cooperation in international research activities, learning and experience for students in communication on international level in their field of research, and raising awareness in environmental problems, education, and public understanding of research results.

THE MAIN TOPICS OF THE CONFERENCE: environmental geography, environmental geology, environmental informatics, environmental physics, environmental chemistry, ecology, built environment and territorial planning, waste management, renewable energy, environmental economics, agriculture and 'environment, nature protection, technology, and environmental science, international and EU environmental politics, environmental education, Environmental Sciences and Studies in English.

FOR THE ATTENTION OF STUDENTS:

Attending this conference counts as international conference. The conference volume will be published in journal with ISBN number (Journal of Environmental Geography) and those articles are accepted for PhD requirements at some Universities.

THE LANGUAGES OF THE CONFERENCE: Hungarian and English

THE CONFERENCE VENUE:

HUN-REN Institute for Nuclear Research (HUN-REN ATOMKI)
Bem tér 18/C, 4026 Debrecen, Hungary
